

Science of Reading Take-Home Pilot

**Start Your
Pilot Today!**

Select districts are now eligible to try Take-Home Packs! Get Science of Reading decodables personalized for each student just in time to keep students reading over winter break.

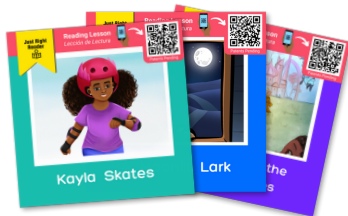

Who's eligible?

Districts doing innovative work with the Science of Reading

What's included?

3 rounds of Take-Home Packs for 10 to 100 students, personalized to their phonics skill level (That's up to 3,000 decodables per district!)

What's in a pack?

Science of Reading decodables personalized for each student based on reading data

Writing pages reinforce decoding and writing skills

Research-based reading activities encourage kids to read and reread

Fun phonics lessons in English and Spanish support students and families reading at home

 **Support practice of phonics skills at home**

 **Engage families around the joy of reading**

 **Accelerate achievement for all students**

Get decodables in time for break! Contact our team today.
