- #3 – **Sustainable & Solution Oriented Plans** that are better for your budget & the planet.

THE AEPa PROCUREMENT SOLUTION

Hello -

I'm your local Roof & Building Envelope Advisor for Tremco based out of Beachwood, OH. My team and I provide turnkey maintenance, repair, roof management and general contracting services for the entire building envelope. We have the unique ability to provide a total solution to maximize building performance and return on investment for our clients. Our services and materials may be procured through **THE AEPa COOPERATIVE GOVERNED BY THE EPC.**

We've worked with school districts and public entities across the state of Ohio for decades. I would greatly appreciate an opportunity to have a conversation with your team in person to discuss how my team and I can help simplify the process. Please don't hesitate to reach out to schedule an introduction.

All the Best!
