Interface®

Dear Interface Customer:

Due to escalating global raw material, transportation, labor and energy costs have challenged the global supply chain at unprecedented levels. At Interface we have worked diligently, in a difficult environment, to delay and offset the impact to our customers.

We can no longer absorb the steady increases we have experienced this past year. Interface has taking up to a 10% price increase for all open market customer sales across our commercial flooring portfolio including carpet, LVT, rubber, and adhesives.

This contract related price increase request is less than the company wide percentages of 10% as noted below per the terms of the agreement for the 2024 term.

Price Changes:	
Carpet Tile	Current contract pricing: Increased an average of 2.69%
