Interface, Inc. is a global commercial flooring company with an integrated collection of carpet tiles and resilient flooring, including LVT and nora® rubber flooring.

Made with purpose and without compromise, Interface flooring brings more performance, more innovation, and more climate progress to your facilities.

From the first day of school to the last, our flooring supports your students every step of the way.

MADE FOR MORE™

Interface materials can be purchased utilizing the Ohio Council of Educational Purchasing.

Interface LVT

22mil wear layer for heavy traffic rating. All 4.5mm thick LVT comes standard with SoundChoice acoustical backing and can create a seamless install against our carpet tile with no transition strip needed.

Interface Carpet Tile

Made with solution dyed nylon that offers impressive durability. We also offer hundreds of QuickShip styles of our most in-demand carpet and LVT options as an affordable solution.

nora rubber

Dimensionally stable with a non-porous and highly dense surface for a long-lasting flooring that is easy to own and maintain.

Interface Design Studio

With a deep knowledge of Interface product and a wealth of design experience, our design team can tackle any challenge. Looking for inspiration? Want to visualize products in a space? Interface Design Studio is equipped to do anything you need, from designing an entire floorplan to developing custom colors or even custom products. Just reach out to your Interface rep to determine how we can help with your next project.

New to Interface?

If you are a new customer to Interface and would like to try out our carpet tile, LVT or rubber, please reach out to our team to discuss mockup opportunities.
