Online Ordering Tools

Support staff ordering while maintaining appropriate business office control.

- Role-based access for teachers, administrators, and purchasing staff
- Approval workflows aligned to your district's purchasing process
- Visibility into orders, usage, and activity through reporting tools
- Ability to limit ordering to approved items, categories, or contracts
- Central communication tools to share purchasing guidance with staff
- Integration with common school accounting and procurement platforms, including punchout (cXML) ordering

Customized Delivery, Billing and Fulfillment

From summer receiving to year-round replenishment, Kurtz Bros. coordinates delivery, billing and installation around how schools actually operate.

- Scheduled, coordinated deliveries aligned to building readiness and receiving availability
- Consolidated and labeled shipments to reduce sorting, handling, and lost items
- Flexible delivery options, including inside delivery, liftgate service, and call-ahead coordination
- School-centric invoicing aligned to your GL structure, audit requirements, and purchasing cycles
- Furniture and equipment, including planning support, contract pricing, and professional installation
