

## Premier Occupational Health After Hours Testing

We are excited to offer after-hours on-call testing, ensuring your team has access to certified post-accident and reasonable-suspicion collections whenever they're needed—providing timely support outside standard clinic hours to help keep your operations running smoothly and compliant.

### How can we help?

- **Expert Providers:** When an after-hours incident occurs, a certified technician is dispatched promptly to complete all required testing efficiently and professionally.
- **Response & Dispatch:** Our goal is to arrive onsite quickly to minimize delays and ensure regulatory compliance.  
*Typical response time:*  
- 45 minutes to 1.5 hours
- **Testing Options:** DOT, non-DOT 10-panel rapid or lab-based and breath alcohol testing
- **Compliance Assurance:** All technicians are trained and certified in proper collection procedures and documentation.

### AFTER-HOURS TESTING

**(937) 208-0380**

- Weekdays** Monday–Friday  
4:30 PM – 8:00 AM
- Weekends** Saturday & Sunday  
24-hour coverage
