

Department
of Education

Effective Oct. 3, 2023, Ohio Law requires each traditional public school district, community school, STEM school, chartered nonpublic school and other public school with school buildings that enroll girls in grades six through twelve to provide free menstrual products. Schools may choose to provide free products to a broader range of grade levels. By providing access to free menstrual products, schools eliminate a barrier to regular attendance and promote healthy habits.

For additional information on this new requirement, including how to request funding, go to: <https://education.ohio.gov/Topics/Student-Supports/Student-Health-and-Medication-Supports/Menstrual-Products>
