

EVERY EVENT. MAXIMUM IMPACT.

Smarter lighting, vivid court projection, and dynamic color control — elevating every event while cutting energy costs year-round.

GYM FLOOR PROJECTION

- Project logos, mascots & school colors onto the court floor
- Player intros, pep rallies, tournaments & playoff visuals
- Generate ad revenue from local sponsors
- Custom graphics & animations
- 20,000-hour life
- Instant social media moments & school brand booster

LED LIGHTING & CONTROLS

- Up to 75% energy savings vs. metal halide or fluorescent
- CRI 90+ — true, vivid color rendering for every event
- 100,000+ hour lifespan with instant-on, flicker-free output
- Dimmable 0-100% for games, events, and daily use
- Pre-programmed scenes with spotlight capabilities
- Utility rebates available

RGB COLOR LIGHTING

- Full RGBW spectrum — millions of colors, tunable white
- Wireless app control
- Pre-set school color themes & one-touch event scenes
- Accent coves, court perimeter, walls & fascia
- Pairs seamlessly with the projection system
