The Rate Increase is **TRUE.** **GET AHEAD WITH EOU!**

School District Energy Costs Are About To Rise And You **WILL BE** Affected!

With AES and Centerpoint Energy filing to increase their electric distribution rates, and PJM capacity market rate increases set to hit in 2025/26, districts should **PREPARE NOW** to mitigate rising energy costs. Locking in strategic energy solutions today can safeguard your bottom line for the future.

Energy Optimizers, USA can help you reduce demand, optimize energy use, and increase energy independence with:

- ✓ **LED Lighting Solutions** – Lower energy consumption & costs
- ✓ **Peak Day Notifications** – Reduce usage when it matters most
- ✓ **Demand Response Payments** – Get paid for reducing load
- ✓ **Onsite Solar** – Cut reliance on the grid
- ✓ **Ice Storage Solutions** – Shift energy use to off-peak hours
- ✓ **Real-Time Monitoring** – Manage your energy load effectively

Rising Utility Rates = Growing Impact.

Contact Energy Optimizers for a **FREE** energy audit and learn how to offset rising rates with solutions custom to you.
