

CenterPoint Energy completes sale of its Ohio natural gas business to National Fuel Gas Company

October 1, 2026

Natural Gas Service Will Continue Without Interruption; No Customer Action Required

National Fuel Gas Company has completed its previously announced acquisition of CenterPoint Energy's Ohio natural gas utility business, Vectren Energy Delivery of Ohio, LLC.

The newly acquired utility, which will be renamed National Fuel Gas Distribution of Ohio, LLC, serves approximately 335,000 customers across 16 counties in the Dayton and greater Miami Valley region.

Information for Customers

- Natural gas service will continue uninterrupted.
- No action is required at this time.
- Existing billing cycles and payment methods will remain unchanged.
- Current online account access will continue in the immediate future.
- Customers will receive advance notice of any future service-related changes.
