Why choose Delta Dental?

Delta Dental of Ohio

Key facts

We cover more than **2.2 million** people in Ohio, and more than **83 million** people nationally.

We are the state's leading dental carrier. Across Ohio, **81 percent** of practicing dentists participate with Delta Dental.

We offer the largest national network of dentists, with more than **117,000 dentists in the Delta Dental PPO™** network, and nearly **158,000 dentists in the Delta Dental Premier®** network.*

Delta Dental of Ohio captures **92 percent** of claims in-network, meaning members' annual maximums last longer and they have less out-of-pocket costs.

We deliver more overall savings than any other dental carrier. In one year alone, we saved Ohio members **\$392 million** in claims from our providers.

We keep our customers satisfied. More than **99 percent** of our clients renew with us every year. Our annual trend average of **2.34 percent** is among the lowest in the industry.

FINANCIAL STRENGTH

Rated **A (Excellent)** by A.M. Best Company

MISSION

To improve oral health through benefit plans, advocacy and community support.

Covering Ohio smiles for over 60 years!

The Rich's School Advantage

Innovators in Nutrition - Rich's Leads the Way

Rich's is the "Original Smart Snacks In School" program. No, really. I'm not kidding. In the early 1980's Rich's partnered with child nutritionists in several school districts to develop the nation's first "smart snacks in school" program; a healthier alternative to traditional school ice cream programs of the time. Our program launched several decades before the "Alliance for a Healthier Generation" or "Smart Snacks in Schools" guidelines were even conceived. In fact, the USDA used input from Rich's to craft the standards for the final Smart Snacks program. So, with a 35 year head start on our competition, we've learned a few things along the way that really set our products apart. In fact, Rich's leads the way in school nutrition with these EXCLUSIVE benefits not offered by any other company offering frozen novelties in schools:

- **The only one** to make all its products in a **NUT FREE/PEANUT FREE FACILITY** for the health, benefit, and safety of ALL kids.
- **The only one** to meet the **WHOLE GRAIN "COMBINATION FOODS" REQUIREMENT** in order to fully comply with the Smart Snacks in Schools program, including wafers, cones and crunch.
- **The only one** program to use cane sugar and **NO HIGH FRUCTOSE CORN SYRUP**. We absolutely refuse to cheapen our product.
- **The only one** to commit to convert to **NO ARTIFICIAL COLORS** in our school products.
- **The only one** with **THE RICH'S TASTE**. Since we involve school nutritionists and thousands of school kids in developing our products, we don't stop until our "healthier for kids" products taste just like our original products. Taste for yourself, and you'll see the difference!

Here at Rich's better school nutrition IS and ALWAYS HAS BEEN our business. It's not a new business venture for us. In fact, we've got more experience in nutrition based school products than all our competitors combined, so we can guide you to the right products that are right for your kids. Looking for the largest, most time-tested program that proves itself year after year to improve kids nutrition while increasing your cafeteria profits? Look no further than Rich's.

Who We Are

Commercial Parts & Service, Inc. opened in 1972, and since then we've become the largest family-owned service company in Ohio and one of only 29 CFESA Certified Companies in the country!

CPS works on all kinds of commercial kitchen equipment, including gas, steam, electric, and refrigeration. We offer quick, dependable service and repairs by CFESA-certified technicians — and because we have access to millions of OEM parts, we can provide same-day service to minimize downtime.

Phone:
513-984-1900

Fax:
513-984-2111

3 Great Reasons to Choose Us

1 Emergency Repairs

Take advantage of our Same Day Repair Service to limit equipment downtime...even after regular business hours. We're ready to get the job done quickly with access to over 5 million OEM parts from more than 500 equipment manufacturers.

2 Installation Services

Our certified technicians have served the Ohio region for over 50 years installing commercial kitchen equipment. When you choose CPS for your kitchen installations, you can be confident the equipment will be delivered properly and installed to meet every manufacturer's requirement.

3 Proactive Maintenance

80-90% of repairs are needed because there was no proactive maintenance program. We'll help you create a plan that can extend the life of equipment and reduce future repair costs.

Who We Serve

We have three central offices and six satellite offices in Ohio ready to help you with OEM parts and service.
