Mr. Matthew L. Selker is an organizational performance and change management expert who gets things done. His tenure in organizational performance and change management consultancy exceeds 13 years. He provides consulting service to for-profit, non-profit, and government entities, serving a multitude of business sectors. His corporate and nonprofit leadership experience includes serving as the executive director of a community development corporation and as the CEO of a wireless retail franchise.

He earned his bachelor's in business administration degree from Edinboro University of Pennsylvania, master's in public administration degree from the Levin College of Urban Affairs at Cleveland State University, and his education in Positive Organizational Development and Change from the Weatherhead School of Management at Case Western Reserve University. He is currently pursuing a Ph.D. in Adult, Continuing and Higher Education from Cleveland State University.

He is the Director of the Division of Organizational Effectiveness for Moore Counseling, Inc. and is an adjunct Professor of Business Administration in the DeVille School of Business at Walsh University instructing at both the undergraduate and graduate level. He serves on numerous non-profit boards nationally.

He has authored or co-authored research on organizational effectiveness, emotional intelligence competencies in non-profit executive directors, communities of practice, and leadership competencies of future leaders and is published by the American Society for Public Administration and the New Prairie Press.
